Executive Director
Doctors Subacute Care
59 Birch Street
Paterson, NJ 07522

Dear Dr. Rauch,

I recently completed my second three week rehab at your facility and would like to make several comments. First, I consider myself very lucky to have been under the care of you and your people during those times. Their friendliness, patience and professionalism from beginning to completion was very impressive and most welcome. The results have been excellent.

Second, I was able for many hours during those weeks to observe your staff caring for many other patients with varying types of difficulties and saw those men and women receive the same high levels of personal dedication and unending patience no matter what the problem was. As a former Mayor and Councilman in Paterson, it was especially satisfying and reassuring to me to see such wonderful work being done by wonderful people right here within the borders of our troubled city of Paterson.

Third, I already have, and will continue to, recommend Doctors Subacute Care to other people who may be in need of such a place of help. I send my very best wishes to you and your people for all you are accomplishing.

Respectfully yours,

Thomas C. Rooney
